

Think

Every gun that is made,
every warship launched,
every rocket fired,

signifies - in the final sense, a theft

from those who hunger and are not fed,
those who are cold and not clothed.

This world in arms is not
spending money alone.

It is spending the sweat of its laborers,
the genius of its scientists,
the hopes of its children.

This is not a way of life at all, in any true
sense. Under the cloud of threatening war,
it is humanity hanging from a cross of iron.

Dwight D. Eisenhower, April 16, 1953
