Corporations are not people!

Money is not speech!

Working together to return our government to the people.

Why We Must Pass the We The People Maine Citizen Initiative

Corporation Are Not People

Supreme Court Decisions have endowed corporations with PERSONHOOD.

Supreme Court Decisions have endowed corporations with the very same constitutional rights as PEOPLE.

The first line of the Constitution begins with the inspirational words:
WE THE PEOPLE

But the Supreme Court has transformed the meaning of those inspirational words into:
WE THE CORPORATIONS

In *Citizen's United v. FEC*, the Supreme Court trampled on the rights of United States human citizens, granting constitutionally protected rights to corporations because, according to the Supreme Court, corporations are people too.

Money Is Not Speech

Supreme Court Decisions have legalized bribery of our elected officials.

Supreme Court decisions have endowed MONEY with the first amendment protections of FREE SPEECH.

Billionaires and ultra-rich corporations can legally spend unlimited amounts of money to buy our elections.

Corporations and ultra-wealthy moguls control who is nominated, who is elected, and how our representatives vote.

"Our political system is pervasively corrupt due to our Supreme Court taking away campaign-contribution restrictions on the basis of the First Amendment." Judge Richard Posner
